## President's Message

Hello Capitol Woodcarvers,

Is it hot enough for ya? YES! Please make it stop! Our oldest son, serving in the Air Force and stationed in Phoenix can do nothing but laugh as we complain about our recent heat wave. He's been facing daily temps over 100 degrees for months. Temps between 110-120 degrees are just another day for him. Our 90-degree days would be welcomed by his fellow airmen as they service aircraft on the hot tarmac. Knowing what he and others just like him are going through make us pause and give thanks. I still reserve the right to grumble and complain a little.

As the heat has forced us indoors, I have been getting caught up on a little painting. A recent class with Rich Wetherbee followed by our trip to Ellensburg has left me with a pile of painting to do. As it is my least favorite part of the process, this always seems to happen. I'll be caught up soon and wish that there was an easier way. Maybe someday I'll embrace the beautiful oil rubbed finishes that shows up on carvings from time to time. For now, I'll go back to sharpening my knives and get ready for my next project.

Speaking of my next project, have you seen the line-up for the Oregon Woodcarving Rendezvous? There is a long list of classes on the slate, and we'd love for you to be a part of it. You can go to [www.capitolwoodcarvers.org](http://www.capitolwoodcarvers.org) and download a registration form. Make plans to be there September 8-11.

The end of summer also means that the Oregon State Fair is coming up. Get your favorite carvings together and enter them in the show. It's good for you, good for our club and even better for the art of woodcarving. Hundreds of people will see your

work, and some will find the inspiration to try it. A carving that stays home may bring you some joy but does little to influence others. Join us and share your carvings at the State Fair. Make somebody smile, wonder, and get curious about woodcarving. You will have a lasting impact and maybe never know it.

Now, could somebody please turn up the AC?

### **Wednesday Classes at Center50+**

---

## **Wednesday Classes at Center50+**

Don met with Marilyn of Center 50+ to discuss Wednesday mornings, after Jim Harris's retirement. He relayed to her that the club was aware of the vacancy, but that no instructor had come forward.

Marilyn will hold the time for another several weeks in case an instructor comes forward. Starting in September she will hold workshops of various crafts during that time slot. She reminded us that if a "coordinator" (in lieu of an instructor) came forward, then the time slot could still be held for woodcarving. If the "coordinator" could not be present, a substitute could fill in for that day.

A coordinator would be a non-paid carver who would make sure the room was opened and closed, and who would punch cards. Since it would be an open carving session, without an actual instructor, the charge would be \$3 per carver.

Monday night carving with Denis Miller, and Friday open carving will not change.

Please be aware of the Wednesday change starting on September 7<sup>th</sup>.

## Empty Bowls

## Empty Bowls Project

Once again Denis Miller is heading up Capitol Woodcarvers participation in the Wood Turners Empty Bowls Project. This event helps the local community through donations to help WAC and the hungry in the community.

Your generous donations of carved spoons last year really helped this cause.

Let's do it again! More information will be coming from Denis and he will be guiding our spoon carving efforts.
